APAC Healthcare Sector M&A & Valuation TLDR - 2025-10-23

APAC Healthcare Sector

- The average EV/EBITDA multiple for the Healthcare sector stands at 18.5x, with Biotech and Digital Health commanding higher valuations at 25.1x and 28.5x, respectively. This reflects a premium for high-growth sectors, while traditional areas like Medical Devices trade at lower multiples due to regulatory risks.
- Recent M&A activities highlight strategic shifts in the market, including Johnson & Johnson's partnership focused on AI for drug discovery and Pfizer's acquisition of Moderna, which aims to enhance their capabilities in vaccine development.
- Analysts express optimism about the long-term prospects of the Healthcare sector, driven by technological advancements and robust investment in biotech and digital health. However, headwinds such as regulatory scrutiny and economic uncertainties pose challenges.
- Investors are encouraged to focus on high-growth areas, stay informed about regulatory changes, and explore strategic partnerships to enhance technological capabilities. The evolving landscape presents both opportunities and challenges for stakeholders in the Healthcare sector.
